PROFESSIONAL SUMMARY

- Computer Science graduate with practical experience in full-stack development using Angular, Spring Boot, and SQL. Passionate about building efficient web applications and seeking an opportunity to contribute to software development and enhance technical expertise.

TECHNICAL COMPETENCIES

- **Languages:** Java (17/21), TypeScript, JavaScript (ES6+), SQL, HTML5, CSS3
- **Frontend:** Angular (16–18), Standalone Components, Angular Signals, RxJS, Reactive Forms, Bootstrap 5
- **Backend & Security:** Spring Boot 3.x, Spring Security 6, JWT (RBAC, Stateless Auth), Spring Data JPA, Hibernate, REST APIs
- **Databases & Tools:** MySQL (8/9), HikariCP, Git, GitHub, Docker, Postman, Maven, Render Cloud Deployment

INTERNSHIP EXPERIENCE

- **Software Engineer Intern** — *HealthcareNow Pvt Ltd* *Feb 2026 – May 2026*
 - Built a full-stack appointment booking platform using Spring Boot, HTML, CSS, JavaScript, and Angular for appointment scheduling and management.
 - Built and integrated RESTful APIs with SQL database operations, enabling seamless data flow and efficient booking management.
 - Designed responsive user interfaces and performed API testing using Postman to ensure application reliability and performance.

PROJECTS

- **MedPulse — Hospital Management System** [\[Live Demo\]](#) | [\[GitHub\]](#)
 - Built an enterprise full-stack hospital management system using Angular, Spring Boot, Java, and MySQL.
 - Implemented 4-tier role-based access control (RBAC) with stateless JWT authentication and dynamic doctor appointment booking with strict double-booking conflict prevention.
 - Engineered clinical operation modules including bed/ward tracking, electronic prescription generation, and automated itemized billing settlement.
- **EMS Portal — Enterprise Employee Management System** [\[Live Demo\]](#) | [\[GitHub\]](#)
 - Developed a full-stack employee management application using Angular, Spring Boot, and MySQL.
 - Implemented CRUD operations, search/filter functionalities, 1-click attendance tracking, and REST APIs.
 - Implemented JWT-based authentication and role-based access control for secure access across admin, HR, manager, and employee workflows.
 - Designed, tested, and validated backend APIs using Postman for request handling, authentication flows, and error responses.

EDUCATION

- **Madanapalle Institute of Technology & Science** Kadiri Road, Andhra Pradesh
B.Tech in Computer Science Engineering – 8.5/10 2022 – 2026
- **Sri Chaithanya Junior College** Tirupathi, Andhra Pradesh
Intermediate – 89% 2020 – 2022
- **Keshava Reddy Concept School (ICSE)** Mamandur, Andhra Pradesh
10th Class – 550/600 2019 – 2020
