PROFESSIONAL SUMMARY

- Enthusiastic Computer Science graduate with a strong foundation in Java, Spring Boot, Angular, and SQL. Hands-on experience developing full-stack web applications, designing RESTful APIs, and utilizing modern developer tools and cloud platforms (Git, Render, AI-assisted development). Eager to contribute to software engineering teams as a proactive, fast-learning Junior Full-Stack Developer.

TECHNICAL COMPETENCIES

- Languages:** Java, TypeScript, JavaScript, SQL, HTML5, CSS3
- Frontend:** Angular, Standalone Components, Reactive Forms, RxJS (Basics), Bootstrap 5
- Backend & APIs:** Spring Boot, REST APIs, Spring Data JPA, Hibernate, JWT Authentication, MVC Architecture
- Databases & Tools:** MySQL, Git, GitHub, Postman, Maven, Render Cloud, Modern AI Tools (Gemini / Antigravity)

INTERNSHIP EXPERIENCE

- Software Engineer Intern** — *HealthcareNow Pvt Ltd* Feb 2026 – May 2026
 - Assisted in building a web-based appointment booking module using Spring Boot, Angular, and MySQL.
 - Implemented CRUD RESTful APIs and integrated frontend forms with backend database operations.
 - Tested API endpoints using Postman and ensured responsive UI layouts across various screen sizes.

PROJECTS

- Exam Seating Arrangement System** [\[Live Demo\]](#) | [\[GitHub\]](#)
 - Developed a full-stack examination portal using Angular, Spring Boot, and MySQL to automate classroom desk allocations for semester examinations.
 - Implemented allocation logic to prevent students from the same department from sitting adjacent to each other, alongside candidate hall search and faculty invigilation rosters.
- Hospital Management System** [\[Live Demo\]](#) | [\[GitHub\]](#)
 - Developed a responsive healthcare web app using Angular, Spring Boot, and MySQL, leveraging modern AI developer tools (Gemini, Antigravity) for rapid prototyping and clean architecture.
 - Built core modules for patient appointment booking, doctor schedules, medical prescription records, and patient billing summaries deployed live on Render.
- Employee Management System** [\[Live Demo\]](#) | [\[GitHub\]](#)
 - Built a full-stack employee management portal using Angular and Spring Boot with role-based access for Admins and Employees.
 - Implemented daily attendance logging, employee profile directories, leave request/approval workflows, and monthly salary slip views with live cloud deployment.

EDUCATION

- Madanapalle Institute of Technology & Science** Kadiri Road, Andhra Pradesh
B.Tech in Computer Science Engineering – 8.5/10 2022 – 2026
- Sri Chaithanya Junior College** Tirupathi, Andhra Pradesh
Intermediate – 89% 2020 – 2022
- Keshava Reddy Concept School (ICSE)** Mamandur, Andhra Pradesh
10th Class – 550/600 2019 – 2020
